## Instructional Skills honed

After the initial trauma of seeing themselves teaching on video-tape for the first time, five faculty members recently went on to complete the Instructional Skills Workshop with enthusiasm. Eleanor Best, Retail Management, Doug Schwenning, Business Management, Eva Hall, Retail Management, Elsie Eccles, Psychology and Rod Walczik, Business Management quickly got into the spirit of the 10 minute mini-lessons and enthusiastically learned everything from drawing up a flow chart, tying knots, and massaging feet to reading and beating out percussion music. The workshop, as previously mentioned, will be repeated in August. Anyone who teaches or is going to teach for the College is eligible, whether in vocational, career, academic or credit free. Call Lee Knight, local 390, to register.

## Hospital Elections upcoming

Hilary Clark has a brief message for those faculty and staff who are members of the North Shore Hospital Society. The elections this year are to be held on September 8 in the North Vancouver Rec. Centre. Old members can renew on the night but anyone wishing to join the Hospital Society will have to submit a membership form with \$5 to the Lions Gate Hospital by August 8th. Forms are available from Hilary Clark, who is currently vice-chairman of the Board and is up for re-election this year. Unfortunately, the board feels that the election will again be run on the narrow political platform of Pro-Choice and Anti-Abortion. The slate of officers chosen by the Board's nominating committee reflects the varied interests of the community, says Hilary and urges everyone to "join the maintain the democratic approach to hospital policies."

## Open Message

As the 1982-83 year winds down, I'd like to take this opportunity to thank you sincerely for all that you have contributed to the College and our students over the past year.

1982-83 was a year of considerable stress and strain for most Capilano people but, despite all, I am quite convinced that our students are considerably better off because of your continuing dedication to and work on behalf of them. 1983-84 does not promise to be any less difficult but I am confident that a sustained commitment to our students and to the communities we serve offers the best long-term chance of Capilano remaining the first-class college that you have made it.

I wish it were possible to wish you well individually and in a much more personal way. Let me simply urge you to have the best vacation you have ever had, in anticipation of welcoming you back for 1983-84 not many weeks from now.

- Paul Gallagher
